Principal Secretary to Government

To,

All Collectors

Sub: - Implementation of Bhunaksha application for digital map correction

Ref: This Department letter No. 19625 dated 30.05.2018, No. 24716 dated. 06.07.2018

Madam/ Sir,

In inviting references to this Department earlier letters on the subject cited supra, I am to say that Revenue & DM Department has decided to implement map correction through Bhunaksha Software application, developed by NIC for digital map correction.

2. In this context, you have been instructed to implement Bhunaksha for which district wise schedule plan has also been already communicated to you.

3. However, in the 52nd weekly review meeting of DILRMP it was found that except Rayagada, Ganjam districts almost no other districts have yet started implementing the Bhunaksha application after almost 2 months of implementation of Bhunaksha application software for digital map correction. A district wise implementation of Bhunaksha as on 21.08.2018 is enclosed herewith for your reference.

4. In the meantime, Government have also been pleased to approve that irrespective of the date of institution of mutation case, if its disposal is on or after 1st September, 2018 the textual Record of Right (RoR) must mandatorily be corrected/ made/ created along with correction of cadastral map through Bhunaksha application software. It means no Record of Right (RoR) can be corrected/ made/ created without the correction of cadastral map through Bhunaksha application software from 1st September, 2018. No case will be considered as disposed if corresponding map correction in Bhunaksha application software is not done. That means the Spatial RoR is to be sync with the Textual RoR.

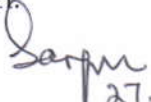

5. You are, therefore, requested to instruct all Tahsildars to fully implement Bhunaksha application immediately for digital map correction for successful mutation disposal in LRMS.

Yours faithfully,

Principal Secretary to Government
