Sub: Online submission of documents for taking prior appointment for presentation and registration of documents.

Sir,

In inviting a reference to the above noted subject, I am to say that the action point No. 80 of Business Reforms Action Plan-2017 under Ease of Doing Business relates to "design and implement a system for online submission & verification of documents and to mandate that all applications are submitted online".

In view of above, Government after careful consideration have been pleased to order that online submission of documents for taking prior appointment for presentation and registration of documents shall be mandatory in case of transfer / transaction of land by industrial / commercial units. This will be applicable for transfer / transaction of land involving more than one tenth of an acre in Municipal Corporation area; more than one fourth of an acre in Municipality area; more than half of an acre in NAC area and more than half of an acre of homestead land and two acres of agricultural land in Rural area.

This should be brought to the knowledge of all registering officers of the State.

Yours faithfully,

Principal Secretary to Government
