RDM - DILRMP - NLRMP - 0004 - 2018

No.R&DM 34003 /CS
Bhubaneswar, dated the 10th Sept., 2018

To

All Collectors.

Sub: Status and future roadmap for Integrated Land Information Management System (ILIMS).

Ref: Ministry of RD, Deptt. of Land Resources, GoI letter No.21014/1/2013-LRD-Pt, dt. 17.07.2018.

Madam/Sir,

Updation of Land records on real time basis is one of the basic functions of the Revenue Administration as land records should also factually reflect the ground reality of the Record of Rights (RoR).

So far, significant achievements have been made in various components of Digital India Land Record Modernization Program (DILRMP) and Integrated Land Information Management System (ILIMS) by the Revenue & DM Department.

Sl. No	Name of the Component	Achievement
I.	Computerization of Record of Rights (RoRs)	All Record of Rights (Khatiyans-15621913, Plots – 55801522) have been computerized and hosted in Bhulekh website (http://bhulekh.ori.nic.in) for public.
II.	Digitization of Cadastral Maps	Digitization of cadastral map has been made in respect of all 51696 villages and hosted in the Bhunaksha website (http://bhunakshaodisha.nic.in/).
III.	Integration of Textual (RoR) and Spatial (Cadastral Map) records	The textual content of the Land Records are available in "Bhulekh" and spatial contents is "BhuNaksha" are integrated for providing textual as well as spatial information to the citizens in the common platform
IV	Computerization of Registration Office	All Registration offices are computerized and e-Registration has been implemented in all Registration offices since 2013.

V	Connectivity between revenue offices as well as between Sub-Registrar Office (SROs) and Tehsils	Dedicated connectivity up to 8mbps have been provided to all 179 Registration offices and 317 Tahasil offices. Automatic Transmission of Form No- 3 from Registration office to the corresponding Tahasil office is made online for suo-motu institution of mutation cases
---	--	--

Further to accomplish the objectives of ILIMS, the following e-governance applications have been implemented by Revenue & DM Department;

Sl. No	Name of the Service	Features
1	Online Mutation	Online mutation has been implemented in all 317 Tahasils, w.e.f 01/12/2017 for suo-motu mutation after registration (http://164.100.140.85/lrms/bhulekh/). The Tahasildar/Addl. Tahasildar need to initiate mutation cases on receipt of Form-3 from the SR office and dispose it in a time bound manner.
2	BhuNaksha	The Bhunaksha (http://bhunakshaodisha.nic.in/) software has been implemented in all tahasils from 01.08.2018. Henceforth mutation cases are deemed to be complete once the map is corrected online through Bhunaksha software.
3	Revenue Court Case Monitoring System (RCCMS)	RCCMS (http://bhulekh.ori.nic.in/rccms/) has been implemented in all 317 Tahasil office, 58 Sub-Collectors' office and 30 ADMs' office w.e.f 01.05.2018. All the revenue cases other than mutation cases to be disposed on RCCMS only.
4.	Dynamic Web Information System for Tahasils (DWIST)	Each Tahasil has their own website for displaying all important information of Tahasil for public. DWIST is implemented in all Tahasils, w.e.f, 21 Dec 2017. The cause list of the mutation cases are being displayed in the DWIST platform for public view.
5	Manual of Tahasil Account (MTA)	Tenant Ledger (T.L) module of Manual of Tahasil Account (MTA) was developed and implemented from 01.07.18 (http://bhulekh.ori.nic.in/mta/). Tahasildars need to populate the data of Register-2 of MTA in the software latest by 31.09.2018, so that online payment can be facilitated.
6	ORTPSA Daily Bulletin	For monitoring the disposal and pendency of cases covered under ORTPS Act (15 Revenue Services and 16 Registration Services), ORTPS daily bulletin has been developed and available in public domain from 01.08.18 (http://bhulekh.ori.nic.in/ortpsa/).

Actions expected from Collectors

As mentioned above, you can well appreciate that substantial measures have been taken as per the objectives of DILRMP and ILIMS. However, these applications are mostly under implementation since last three to six months. For effective implementation of these applications, regular monitoring, supervision and continuous guidance is required.

To ensure proper implementation of these applications, Government have constituted one district level e-Governance committee under the Chairmanship of ADM with participating members from BSNL, DIO(NIC), DeGM and Assistant Programmers. This Committee should meet every Tuesday to monitor the implementation of above said applications and to resolve the logistical issues arising in respect of hardware, software and internet connectivity in consultation with BSNL, NIC and Department.

1. You are requested to see that the e-Governance committee functions as per the Government directives and all the above said applications are implemented without exception.

2. You should regularly review the ORTPS daily bulletin and take remedial action where pendency of cases beyond ORTPS timeline is high. The concerned Tahasildar and Sub-Collector need to be asked to improve their performance.

3. You should also ensure that all the Tahasil and RI offices are adequately equipped with necessary computers, printers, scanners and other accessories (DG and Inverter) for smooth implementation of these applications.

Our goal should be zero pendency of cases and delivery of public services to the citizens within the stipulated timeframe in a hassle free manner.

Yours faithfully,

10.9.18

**Chief Secretary,
Odisha**
