IMU- 22/11- 8312 /R&DM., dtd. 22.02.11

From

Shri R. K. Sharma, IAS
Commissioner-cum-Secretary to Government

To

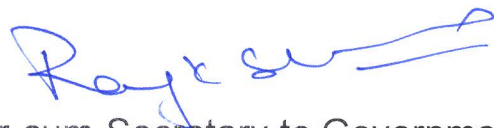

All Collectors

Sub: Correction of RORs and use of 3.02 version of Bhulekh software.

Sir/Madam,

In order to bring the Revenue Administration closer to people 145 new tahasils have been created bifurcating 171 mother tahasils vide Notification Nos. 48300 Dt. 11.12.07, 14913 Dt.29-03-08, 16321 Dt.08-04-08, 17311 Dt.16-04-08, 17662 Dt.19-04-08, 19511 Dt.30-04-08, 28457 Dt.01-07-08, 33533 Dt.06-08-08 & No.33549 Dt.06-08-08 of Revenue and D.M. Department, making a total of 316 tahasils. In all mother tahasils there are full fledged computer rooms and the updating of land records is going on uninterruptedly. Some of new tahasils have not yet become functional and in some new tahasils computers have not yet been installed. Since updating of RORs is a continuous process, in no case it should be stopped due to lack of computer facility. Till the new tahasils have their requisite computers with Bhulekh software, updating of RORs should be done in the corresponding mother tahasils.

All tahasils having computer facility should use the latest version of Bhulekh software i.e. **Bhulekh 3.02**.

Commissioner-cum-Secretary to Government
